

Year 6 Easter Homework.

There is only one piece of actual homework that I would like you to do and hand in to me, that is the piece of writing. However, there are plenty of other things that will be really good for you to do to help prepare you for SATs.

Things that you can do:

- Mrs Backholer would like you to do maths revision and you have your folders at home
- Use the websites on the Year 6 page of our school website and other sites, like Woodlands to help you practice any areas of maths or English that you need to.
- Have a go at a practice paper of your choice. It would be useful to do this with a parent. Past papers and mark schemes. You can find them here:

<http://www.emaths.co.uk/KS2SAT.htm>

Do not do the 2007 or 2008 papers.
