Dear Parents and Carers,

Re: Purple Mash online resource for home and school.

To cover our computing curriculum here at St John's we have starting using 'Purple Mash'. Purple Mash is an online tool that enables us to deliver all aspects of the computing curriculum from Year R to Year 6.

All children at St John's have been given their own username and password which allows them to logon and use Purple Mash. Purple Mash will be used in school during our computing lessons and we may set tasks for your children to complete at home.

Each child has a login card that needs to be kept in school and one that needs to be kept at home.

Purple Mash is a new tool being used at St John's and we are eager to get learning many new computing skills!

If you have any questions about the new Purple Mash resource please contact Miss Stenner.

Yours sincerely,

Mark Hilliam
Head of School
