Greater Depth	33%	13%	20%	20%	

Well done to all the staff and children!

Y3 Bible Presentation

New date: 27th 10am at the Church. All our families welcome at the Church for school and Church events.

Clubs

Multi-Ball Club is full but we do have spaces in all our other clubs. Please ask at the Office. They all look great fun and each group is very welcoming of new members.

Spiritual Garden News

Our kind kitchen team made a cake last week from our first marrow. We had enough for a few classes to taste test the recipe. It was a hit so hopefully more will grow for school meals!

Thank you for supporting the new early morning walk in routine in KS2. We are now able to start lessons promptly and avoid the bottle neck issue of all trying to enter the school through one door. We will try and let the families with prams get around the building first but if you are held up, please be patient with our need to get into class. Children will step back if required. Using an old fashioned bell at playtimes and the start of each day removes the very loud electronic buzzer.

School Council

Elections pending...

School Community Ideas

Would any Parents/ Grandparents or other adult Carers and staff like to come together to sing? Mr. Thomas is happy to lead this for a small weekly fee. Please email Mrs. Crutchfield if interested. No experience necessary. It would take place at school on Thursdays (early evening).

Absence In term time guide

- Ensure we know of any absence due to illness as soon as possible to avoid us ringing and asking. We have to know where the children are each school day.
- Provide evidence of any medical appointments, music exams and other appointments. Fill in the absence form in advance.
- Always ask before booking anything.
- Attach a letter addressed to me with all holiday and day off in term time requests. As a guide, we don't allow holidays in term time, days or half days off without very exceptional circumstances. School is essential and missing any class time does have an impact on learning. I consider each situation carefully.
Thankyou for your support.
Mrs. Crutchfield

Parent Meeting

Friday 28th September 9.00-9.30am

Mrs. Crutchfield would like to invite Parents and Carers to come along to a 'World Café' event to share ideas to help the school continue to thrive.

After school maths club starts its 6th year on Wednesday September 12th ; 4 - 5 p.m. at Community at 67 in Queens Road. The cost is £1 per session. The club is open to Years 5 and 6 from any school in Keynsham. If you absolutely love maths or if you feel you need a little help why not join us to find out if it is for you. I run this as enrichment work within the National Curriculum with a lot of emphasis on learning through games- cards, dice, specific maths related computer games and making things. My aim is to enjoy maths and to relate it to the real world. The numbers are limited to 10 so if you are interested please ring Sheila Crocombe on 0117 986 3961 or Email: sheilac@btinternet.
