

## Year 2

### Home Learning Menu – Australian Adventures

This term we are learning about the value of respect in collective worship: self-respect, respect for the environment and respect for others including our family and community. We would love to see examples of how you have shown respect at home or within the community on seesaw.

Teachers provide a Home learning Menu at the start of each new term as a part of the Termly Curriculum Overview. We ask that children select at least one activity from the menu and bring it into class or post it on Seesaw at the end of the term to share with the class and to celebrate during the last week of term.

Task Type	Option 1	Option 2	Option 3	Option 4
Thinking as a Writer	Can you draw and label an Australian landmark?	Can you write 3 facts about an Australian animal?	Can you write a fact file on the history of Australia?	Can you write your own story based on different Australian animals?
Thinking as a designer	Can you draw or paint an Australian animal?	Can you make a sculpture of an Australian animal out of clay?	Can you design the ultimate Australian BBQ?	Research a famous Australian recipe and make it.
Thinking as a Scientist	Can you identify 3 objects in your house and record the materials they are made from?	Can you draw your house and label the different materials that you see being used?	What objects and their material change shape? Can you safely investigate objects that bend, twist, stretch or squash?	Can you design a sorting machine that sorts different materials? E.g. metal from paper?
