

Tuesday 17th March

Dear Parents,

For those children who may be self-isolating or those who would just like some optional extra homework we have compiled a list of useful websites where you can access learning activities. This list has ideas for parents of children of all ages so you will need to select most suitable activities for your child/ren.

As a school, we have also purchased Doodle Maths and Doodle English. The details of these can be found in the 'Doodle Letter' that is also available on our website. Your child will come home with a username and password for Doodle tomorrow. If your child is not at school, we will send their username and password in the post. Further information and guidance will be provided to parents by our English and Maths Curriculum Leaders tomorrow.

Home- Learning Projects

<https://www.robinhoodmat.co.uk/learning-projects/>

Seven Weeks of projects that you can work through with your child and help you structure the weeks. (Please note the school does not subscribe to all the sites mentioned in the pack).
