

Y2 Purple Mash – 2investigate Avatar Database

1) Open the Investigate task.

2) Click  the search icon.

3) This  tool can be used to allow us to search using multiple questions.

4) Use the drop down menu by the word Name to choose what you'd like to sort it by and then fill in the final box

5) Now click in this box and change it to and or 'or' and your screen should look like this once you have filled in the second lot of boxes. Make sure you tick the box to say 'Display in Venn Diagram' :

6) Click on OK and the 'avatars should be sorted into a Venn diagram'.

7) Repeat with different 'criteria'.
