

Hello Year 4SJ,

I hope you and your families are well and had a lovely Easter in the sunshine!

Over Easter I have been very busy sewing with my lovely new sewing machine. Firstly I was making some bunting to hang up and decorate a room for a party (I hung it up to show you) and then I started helping to do some sewing for a group in Salford. We are making clothes to help all the people working so hard in the hospitals and care homes near where we live as they don't have enough clothing to wear.

I have also been relaxing by doing some reading this week! I hope you are doing your reading everyday – I can't wait to see what new books you have read when we are back! It has been great. I have also made sure I have done my daily exercise by going on a daily walk and doing my Pilates classes on line!

This week you will have Doodle Maths learning and some Time work using the 24 hour clock and maybe you can time how long it takes for you to do some things or when you start and stop doing something. In Doodle English learning you've got some work to do with adverbials and some reading comprehension about Wimbledon. Don't forget Purple Mash – I can't wait to see the work that Mrs Jefferis set for you.

Here's some pictures of me 😊

Remember, although it's great to do as much home learning as you can, you don't have to complete it all just do what is manageable and stay happy! Also, if you are stuck you can get in touch with the office and I will be able to help! We are working hard to get a new app for you called See Saw that should make it easier for us to keep in touch and for me to be able to help you. More information about this is coming soon!

A quick message for adults at home with you: I am aware that your child will be accessing a range of materials online to support their learning. To ensure that your child has the safest experience of being online, please can you check your firewall (privacy) settings at home are suitable for them. When I set homework such as research, I hope to point you in the direction of websites that should be safe to use but can you please monitor their safe surfing of the internet. 😊

Take care and I'll be in touch again on soon,

Mrs Singleton

Hello from Mrs Hillier

I hope you are well and have been enjoying some fun times in the sunshine over the Easter break.

Over Easter I have been baking with my children. We have made bread, biscuits, and even some doughnuts which were lovely dipped in melted chocolate – you know how much I love chocolate! We have been remembering to do our daily exercise with Joe Wicks. Have you been able to answer his questions about other places in the world? And did any of you dress up for Fancy Dress Friday? Look on our school Twitter account to see what I dressed up as!

Here's a picture of the French apple tart we made...delicious with vanilla ice cream

Here is a Jigsaw activity for you to try...design a hopes and dreams kite.

Start by thinking about your hopes and dreams for the future...for next month, for next year, for when you're older. Now make a list of those things. Draw a kite outline on a piece of paper, on cardboard or even on bits of left-over wallpaper. Draw a line on your kite from top to bottom and another line going from left to right, to divide it into 4 sections. In each section write one of your hopes or dreams and draw a picture to go with it. Add some colour to your kite to make it eye-catching. If you draw the outline on some cardboard, maybe a cereal box, you could cut your kite out, add a tail to it and hang it from your ceiling!

Remember how we use Calm Me time in every Jigsaw lesson...maybe you could try using it before you start your home learning, so your mind feels calm and ready to learn.

Take care and I'll be in touch again soon,

Mrs Hillier
