

Hello YR,

I hope you and your families are well and enjoying spending time together.

Well, I have been SO impressed with the work you've completed this week on Doodle! I have seen great work on counting and recognising numbers to 20. The decorated Easter Eggs on Purple Mash that I have seen have been brilliant and have really brightened up my day. I especially liked the way you have all used lots of bright colours and patterns when colouring them in. I am looking forward to reading your sentences about the picture of the ship I set you last week.

Have you been doing your PE every day? I have made sure I have done my daily exercise by going for a walk with my two girls - it has been great and we have really made the most of the sunshine! I have been relaxing by reading some books and playing games with my girls.

After a day at work, I am very lucky to come home to baked treats (baked by my two girls – after they have completed their school work!) – chocolate chip cookies (using the recipe Nanny Nicholls used with you) and lemon drizzle cake. But before we can eat them, we go for a walk on the cycle track behind our house.

If you are having any troubles with School closure learning remember to get in touch with the office and I will be able to help! Don't forget to check the website each Friday, for details of your home learning for the following week.

Remember to check the home page of the website for a video message. This week Reverend M'Caw has also recorded a special Easter message. The homework set today is for the Easter holidays and has lots of lovely Easter activities for you to complete, with your families, if you wish. The next School Closure learning will appear on the website on Friday 17th April.

As mentioned on Tapestry, I am pleased to say we are trialling Numberbots. This supports children's counting, addition and subtraction, and is there for you to access as often as you like. If you did not receive your login details through Tapestry, please email the school office. Thank you for your continued support.

I am aware that your child will be accessing a range of materials online to support their learning. To ensure that your child has the safest experience of being online, please can you check your firewall (privacy) settings at home are suitable for them. When I set homework such as research, I hope to point you in the direction of websites that should be safe to use but can you please monitor their safe surfing of the internet. 😊

There is a lot of support available to keep your child safe online. Below are some useful links to help parents and carers:

- [Thinkyouknow](#) (advice from the National Crime Agency to stay safe online)
- [Internet matters](#) (support for parents and carers to keep their children safe online)
- [Parent info](#) (support for parents and carers to keep their children safe online)
- [LGfL](#) (support for parents and carers to keep their children safe online)
- [Net-aware](#) (support for parents and carers from the NSPCC)

Take care and I'll be in touch again soon,

Mrs Bruton ☺
