

## Seesaw Getting Started- Parent's Guide

### What does the Seesaw Interface look like?

The 3 main areas of the Seesaw interface are the Journal, Activities and Inbox tabs.

|                   | Journal   | Activities | Inbox |
|-------------------|---|------------|-------|
| <u>Journal</u>    | The Journal is record of children's learning over the academic year. It is also an area which children can use to share learning which has taken place outside of school. |            |       |
| <u>Activities</u> | This is an area where teachers post new learning activities.  |            |       |
| <u>Inbox</u>      | Teachers will post whole class and individual messages directly to children via the inbox tab.  |            |       |

### How to Respond to an Activity

**Writers Workshop: Operation Gratitude**  
 There are people in our communities and around the world that work hard to help us daily. Let's thank them! Operation Gratitude sends letters to first responders and our military.  
 1. 🧠 Brainstorm a list of service providers who are helping keep us safe. Ask a family member to brainstorm with you if you need help. Some people to consider include: Doctors, nurses, paramedics, firefighters, police officers, food service workers, military members etc.  
 2. Pick one service provider that you would like to make a thank you note or card for.  
 3. ✍️ Create your thank you note or drawing.  
 4. 📷 Tap the camera to take a picture of your note or drawing.  
 5. 📹 Tap the camera to take a picture of your note or yourself reading it aloud.  
 6. ✅ Tap the green check to add to your journal.  
 7. 📧 Ask an adult to help you mail your card. You can mail your note to your local service provider or:

Family Why:  
 Gratitude can reduce stress and build empathy. Writing for a real audience allows students to apply the skills they are learning in class to meaningful real-life situations.

Waiting for Response ➕ Add Response

Assigned on Apr 27 at 12:54 PM

**Step 1:** Click on the green 'Add Response' button

### Step 2: Choose a Seesaw tool to respond to the activity.

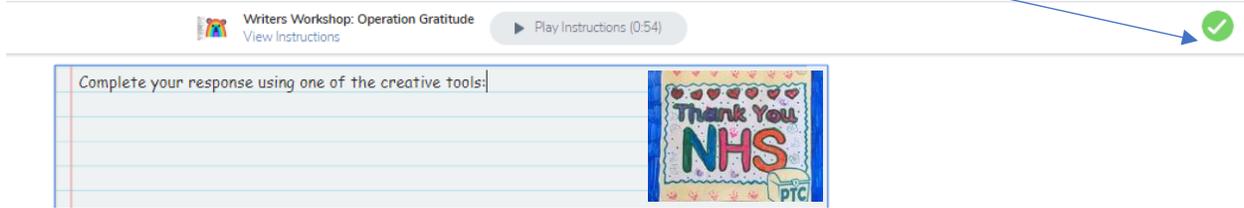

Sometimes teachers will request that children use a specific tool to complete the activity (for example the drawing tool) or provide children with a template to add answers. The tools are used to support children's creativity.

**Step 3:** Use the Creative Tools to respond to the activity.

**Step 4:** When you are finished click on the green tick.

The work is now automatically uploaded to the teacher's folder and awaiting a response.

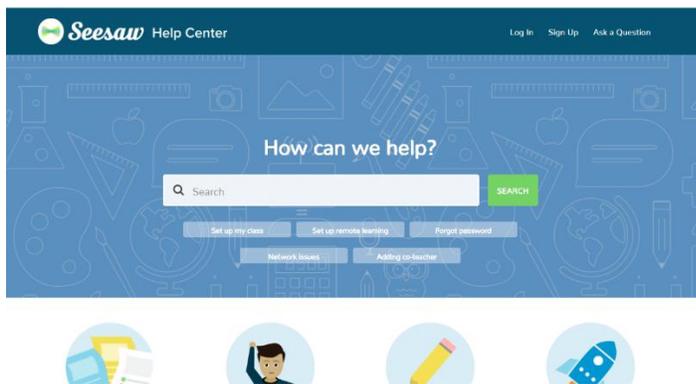

**What are the creative tools?**

| Tool   | Description  |
